What is fusion?

8 of the North East's finest chefs and mixologists have been teamed up to compete over 7 nights in the first regional leg of this unique nationwide food and drink competition where you decide who wins.

Guests will receive 2 mini 3 course meals, each course will be accompanied by a mini cocktail designed to enhance the flavour of the food. Chefs and mixologists will be caught live on camera as they battle it out in the kitchen, with footage screened live in the dining room. Guests will vote to decide who wins by using their interactive key pads. So, if you love food, love drink and love supporting local talent from the industry, come and join us for the launch of Fusion 2010.
